March Newsletter

Edition #1

A Word from the Prez

I'm thrilled with the start of the 2026 season, spring is here, course is in great shape and our membership is growing. Special thanks to our members, sponsors, board and club for working so hard to ensure a fun filled golf season. The board exists to represent the needs and interests of our membership, please share your thoughts and ideas to make the PMGA better. *JD*

WNL Update

Our WNL now has a commissioner, James Thomas. JT will be the hammer of integrity to ensure the WNL is competitive, fair, and fun. You'll see JT with the official "Commish" hat and know he is there for you.

We are bringing back the option for members to play alternate sets of tees. Notify the Commish or pro shop before teeing off. Full WNL rules and format sheet was sent out earlier, please refer to that document for further details.

We will present a gold medal to each weekly flight winner. Join us for a cold one in Monty's Bistro for a short and fun presentation following each WNL round.

PMGA News

Your PMGA board has met with the leadership of the club on several occasions in February and we have worked hard to represent the needs and interests of our membership. We are happy to announce the club will no longer mandate cart use for MGA events. The caveat is we must keep pace to demonstrate walking is a viable option during MGA events. Handicap integrity is an item of interest, click the link below:
